

 **SMARTS**
QUARTER

WELCOME

Green Spinnaker is a new home development company founded in 2012, staffed by experienced professionals with many years' knowledge of the management and the construction industry.

We choose only to develop a small number of sites each year so that we are able to bring a much greater attention to detail and a hands-on approach to our individual homes than other larger developers.

All of our homes are covered by the NHBC Buildmark 10 year warranty. NHBC do not simply provide warranty cover they inspect our homes at crucial stages of the build and provide advice on materials to be used based on their wide experience.

Quality is at the heart of everything that we do. In our method of build, in our personalised service and in our fixtures and fittings. We make sure that all our partners are as committed to quality as we are.

Green Spinnaker is committed to sustainability for its homes. This is why all our new homes meet the Code for Sustainable Homes Criteria and we follow the Code of Considerate Practice of the Considerate Constructors Scheme. ■

LIVING IN BRISTOL

Named as the best city to live in by The Sunday Times 2014 and dubbed as a modern dynamic green city. Bristol thrives off sharing its enviable quality of life with its residents. An obvious choice for the Smarts Quarter development, Bristol is a centre of culture, lifestyle, employment and education.

Perfectly placed on the bustling commuter belt, this fantastic city sits as a flagship for the South West, helping diverse sectors unite to include powerful financial and ICT sectors, engineering excellence, revolutionary healthcare research and high calibre universities and sporting colleges.

Steeped in heritage with a legacy of fine iconic buildings, historic streets, transport hubs, parks and open spaces, solid regeneration plans are in place to perfectly blend the old with the new, making it easy to see why so many will choose to call it home. ■

BRISTOL'S FUTURE

Elected as European Green Capital 2015 and the first Cycling City, investment plans towards the area will create a new, superbly connected entry into Bristol.

Temple Quay, Smarts Quarter's neighbour, is a vibrant business and leisure destination, located on the beautiful waterside in the heart of Bristol's Central Business District which is to benefit from a large investment towards vehicle, cycling and pedestrian infrastructure.

Investment plans will continue to bring zest & new life in to Bristol and build upon the solid foundations which have allowed Bristol to pave the way in city & lifestyle development. From 2017 onwards, Bristol will be home to a new multimillion pound arena; a 12,000 capacity performance venue, planned to neighbour Bristol Temple Meads station.

2016/17 will also mark the completion date for the City's proposed electrification of Bristol's railways, meaning your commuting times will not only be reduced by as much as 30minutes, but your journeys will also be more reliable, greener and quieter for passengers whilst improving connections between major towns and cities across southern England and South Wales. ■

SHOPPING & EATING

At your finger tips will be the number one retail destination in the South West offering an ultimate in shopping experiences.

Cabot Circus has something for every taste with a variety of over 120 stylish shops, offices, cinema, hotel and apartments. House of Fraser and Harvey Nichols are both placed as anchor stores. Lying adjacent to this is a brimming piazza - Quakers Friars - boasting the perfect setting for a relaxing lunch, drink or dinner.

Bristol is also home to one of Europe's longest stretches of independent high streets - Gloucester Road, featuring a variety of locally run shops, cafes, bars and restaurants - where shopkeepers become familiar, stores reflect their own individuality and mundane chores are turned into something infinitely more pleasant. ■

ALL IN THE DETAIL

The benefits of a new Green Spinnaker home can be appreciated by everyone. Designed to be the perfect blend of functionality with appealing aesthetics to complement the local area, each home provides a stylish and sustainable backdrop for you to add your own personal tastes and ideas.

Energy Efficient: Our homes will let you stay cosy and warm at low costs with energy efficient; gas fired underfloor central heating and hot water system, whilst low energy lighting is also installed with LED downlighters to all kitchens and bathrooms. Our use of new and sustainable technologies provides energy efficiency for your future, as well as reducing environmental impact.

Telephone & Media Points: Apartments are wired for TV and Sky to living rooms and main bedrooms via a communal satellite dish. An audio visual door entry phone system comes as standard.

Peace of Mind: Our apartments are covered by a 10-year warranty from the National House Building Council.

Interiors: Decoration is cool and neutral throughout, with brilliant white matt emulsion walls and ceilings. Vicaima flush panel oak veneer doors with chrome handles add a stylish touch, complemented by performance windows. ■

Kitchens: There is ample space to cook, eat and unwind in our beautifully fitted kitchen. The kitchen has a range of brushed steel and integrated appliances by leading brand Bosch, 'A' rated for superior energy efficiency. Other eco-features include integrated recycling bins, low energy ceiling downlighters and focused task lighting to work surfaces.

Kitchen Specification

- Contemporary handle less kitchen units with soft close hinges on doors and drawers
- Porcelanosa ceramic floor tiles
- Composite worktops
- Coloured splash backs

TRANSPORT LINKS

Smarts Quarter is very well connected by rail, car, bus, plane and cycle. Bristol is at the heart of easy commuting links to London, Birmingham, Swindon, Exeter and Cardiff.

The M4/M5 motorway network is accessible via the M32 allowing easy access to North, South, East and West. Bristol International Airport offers both national and international flights whilst Brunel's iconic Temple Meads train station is located just across the walkway of the nearby Floating Harbour; only minutes from Smarts Quarter. Other useful distances include: Clifton Suspension Bridge 3 miles, Bristol Bristol Royal Infirmary 2 miles and The Mall Cribbs Causeway 11 miles. (Distances approximate). ■

We know buying a new home can often be a stressful time, so it is important to us that buying a Green Spinnaker home is as straightforward a process as possible. We are working with Goodman & Lilley who are on hand to help whenever needed. ■
